Why Choose Huntington?

At The Huntington National Bank, we provide one of the leading settlement account programs in the country. In today's uncertain times, we recognize the importance of your fiduciary role, so we provide a full suite of products, services, and support to help you navigate through every step of the settlement process.

Industry Knowledge, Experience and Relationships

During the last 14 years, our National Settlement Team has handled more than 1,600 settlements for law firms, claims administrators, and regulatory agencies; including some of the largest class action settlements in history. These efforts have helped our team develop strong relationships with many of the country's leading firms.

Commitment to the Industry

Our diligent commitment has led our team to support numerous trade organizations in the class action sector, often in leadership positions. We helped organize three national conferences to share best practices among law firms, claims administrators, custodians and regulators.

Other groups we support include:

- American Association for Justice (AAJ)
- American Constitution Society (ACS)
- National Association of Shareholder & Consumer Attorneys (NASCAT)
- Institute of Law & Economic Policy (ILEP)
