Class Notice	<h3 style="background-color: #0070C0; color: white; padding: 5px;">Challenge Process</h3>
Claimant Portal	<p>To facilitate the claims submission process, Class Counsel and their experts have identified and compiled the Covered Transactions applicable to each individual class member based on records maintained by Barclays. These records capture information about each trade or trade instruction for an FX Instrument submitted to Barclays via BARX. Class Counsels' experts undertook an extensive analysis of the data, as directed by Class Counsel, to identify those records that qualify as Covered Transactions.</p>
Challenge Process	<p>If, after reviewing your Covered Transactions in detail, you believe that you engaged in additional Covered Transactions qualifying for claims under the Settlement that are not included in the list on the Claimant Portal, or that information provided in the Claimant Portal about one or more of your Covered Transactions is incorrect, you may contact the Claims Administrator at info@barxlastlooksettlement.com. The Claims Administrator will guide you through the procedure for submitting a Challenge.</p>
Frequently Asked Questions	<p>If your Challenge includes additional transactions not included in your list of Covered Transactions, your submission must include a description of why you believe the transaction(s) qualifies as a Covered Transaction. In order for a transaction to be a Covered Transaction, either (i) the Person on whose behalf the trade or trade instruction was made must be domiciled in the United States or its territories at the time of the transaction; or (ii) the Person was domiciled outside of the United States at the time of the transaction and had such a trade or trade instruction routed over a Barclays server in the United States.</p>
Court Documents	<p>If the purpose of your Challenge is to contest the Covered Transactions listed in the Claimant Portal, you must provide documentary proof of the transaction. If you intend to challenge any other aspect of a listed Covered Transaction, please discuss your concern with the Claims Administrator prior to submitting your Challenge.</p>
Contact Information	<p>Your submission will need to include specific data points that the Claims Administrator will instruct you to provide, as well as additional documentation. The more information you are able to provide, the greater the Claims Administrator's ability to review and make an accurate determination on your Challenge. Challenges with too few data points may be rejected. Please do not submit your challenge without first contacting the Claims Administrator at info@barxlastlooksettlement.com.</p>
	<p>Class Members are reminded that the deadline for submission of additional claims information is the same as the claim filing deadline. Additional claims information must be submitted electronically by [_____, 2017]. In order for such a submission to be considered timely, it must be submitted by this date, in the format requested by the Claims Administrator, so please contact the Claims Administrator at the above email address in advance of the deadline.</p>
