

ELECTRONIC FILING INSTRUCTIONS
AXIOM INVESTMENT ADVISORS, LLC V. BARCLAYS BANK PLC

I. IMPORTANT INFORMATION – PLEASE READ

You should only submit transactions using the process below **after** you have submitted a claim and reviewed the Covered Transactions included in your claim. Covered Transactions will be available for review on the Claimant Portal beginning on January 9, 2017.

To facilitate the claims submission process, Class Counsel have identified and compiled the available Covered Transactions applicable to each individual Class Member based on records maintained by Barclays. These records capture information about each available trade or trade instructions for an FX Instrument submitted to Barclays via BARX. Class Counsels' experts undertook an extensive analysis of the data, as directed by Class Counsel, to identify those records that qualify as Covered Transactions.

Covered Transaction data is available for the majority of the Settlement Class Period (June 1, 2008 and April 21, 2016) but is not available for the following dates:

- June 1, 2008 – December 31, 2008 (rejected and accepted trades);
- January 1, 2009 – June 19, 2009 (rejected trades);
- July 5, 2009 (rejected trades);
- July 19, 2009 (rejected trades);
- November 8, 2009 to November 11, 2009 (rejected trades);
- January 1, 2010 (rejected and accepted trades);
- April 25, 2010 – April 28, 2010 (rejected trades);
- March 30, 2014 (rejected trades);
- January 1, 2016 (rejected and accepted trades);
- March 20, 2016 – April 21, 2016 (rejected trades).

Transaction data is not available for these dates because it was either not usable or not recoverable from Barclays' records.

If, after reviewing your Covered Transactions in detail via the Claimant Portal, you believe that you engaged in additional Covered Transactions (e.g., trade or trade instructions taking place on one or more of the dates listed above) qualifying for claims under the Settlement that are not included in the list on the Claimant Portal, or that information provided in the Claimant Portal about one or more of your Covered Transactions is incorrect, you may submit a Challenge and/or supplement the Covered Transactions.

The deadline for submission of a Challenge and/or to supplement the Covered Transactions is the same as the claim filing deadline, which is July 7, 2017. In order for such a submission to be considered timely, it must be submitted electronically by **12:59 p.m. Eastern Time on July 7, 2017**, in the format requested by the Claims Administrator. Please contact the Claims Administrator in advance of the deadline if you have any questions.

II. COVERED TRANSACTIONS

Covered Transactions include trade or trade instructions for an FX Instrument submitted to Barclays over BARX (whether submitted on BARX or via an electronic communications network (“ECN”) or any other connection to BARX) between June 1, 2008 and April 21, 2016. To qualify, such trades or trade instructions must have been submitted by a person who was either (i) domiciled in the United States or (ii) domiciled outside the United States but had such trade or trade instruction routed over a Barclays server in the United States.

IV. DOCUMENTATION REQUIREMENTS

The documentation requirements outlined below must be submitted with your electronic file. Your electronic claims will not be considered valid until all documentation is received. Please note that one single document may meet more than one requirement.

1. Signature Verification Document: If you are not the individual who filed the paper or electronic claim form, you must provide a document verifying that you are authorized to submit the supplemental documentation on behalf of the company. Some common types of documents that fulfill this requirement include:
 - Copy of company's by-laws, including signature page(s)
 - Copy of company's Corporate Resolution, including signature page(s)
 - Notarized affidavit signed by an officer of the institution clearly granting a specific individual authorization or confirming authority to sign on behalf of the company.

2. Data Verification Document: you must provide a notarized affidavit or signed letter on firm letterhead which meets the below criteria:
 - Confirms the number of distinct accounts and transactions on your file
 - Discloses the source of your data (i.e., internal data retention system)
 - Attests to the truth and accuracy of the transactions and holdings on your electronic file
 - Is executed by an authorized signatory who is listed on your signature verification document, and specifies both the capacity and contact information of that signatory.

3. Authorization Document (if filing on behalf of client or customer accounts): you must provide a current document verifying that you are authorized to file and sign claims on behalf of your clients. Some common types of documents that fulfill this requirement include the following:
 - Power of Attorney
 - Service Agreement
 - Signed/dated letter on client's company letterhead specifically granting your company authority to file/sign claims on their behalf.
 - Notarized affidavit or signed letter on your company's letterhead confirming your authority to file and sign claims on behalf of your clients. It must be executed by an officer of the company and reference the capacity and contact information of the signatory.

4. Additional Documentation
 - a. If your Challenge includes additional transactions not included in your list of Covered Transactions, your submission must include a description of why you believe the transaction(s) qualifies as a Covered Transaction. In order for a transaction to be a Covered Transaction, either (i) the Person on whose behalf the trade or trade instruction was made must be domiciled in the United States or its territories at the time of the transaction; or (ii) the Person was domiciled outside of the United States at the time of the transaction and had such a trade or trade instruction routed over a Barclays server in the United States.

- b. If the purpose of your Challenge is to contest the Covered Transactions listed in the Claimant Portal, you must provide documentary proof of the transaction. If you intend to challenge any other aspect of a listed Covered Transaction, please discuss your concern with the Claims Administrator prior to submitting your Challenge. Your submission will need to include the specific data points listed below, as well as additional documentation. The more information you are able to provide, the greater the Claims Administrator's ability to review and make an accurate determination on your Challenge. Challenges with too few data points may be rejected.
